Freelance Designer

I have developed printed & digital pieces for a variety of clients, from local businesses to multinationals like Arvato Bertelsmann

Central de Apresentações Graphic Designer

I've had the opportunity of creating Prezi presentations for Warner Bros., Veja, Eletrobras, Epson and Cultura Inglesa. I've also conducted presentation design workshops at two major companies, Ecovias & Via Varejo

Estadão Designer & Developer

Together with a great team, my role was to design and code digital infographics and interactive data visualizations for the newspaper's website

Estadão Information Design Coordinator

As a leader, I've helped a team of talented people in projects that combined data, design and web development. Our goal was to turn complex datasets into compelling stories for our users

Questtónó Senior Experience Designer

My goal is to build stronger digital projects inside this innovation consultancy, from UX and UI design to artificial intelligence & connected objects. Moreover, I'm really excited about creating physical-digital products, as they may lead to easier interactions & seamless experiences

Technologies for Data Science: The Internet of Things

Skills

Even though I learn new things everyday, I feel comfortable dealing with **HTML**, **CSS** & **JavaScript**. I've also been playing with **Python** for data analysis

On the design side, **Figma** is my go-to app and **Illustrator** comes second. Today, I'm eager to dive into electronics so that I can design & build connected objects

Beyond any technical expertise, I believe it's our duty as designers to make people's lives easier

Languages

I speak **Portuguese** natively and my **English** is fluent. Also, my family is **Spanish** so I understand & speak a little bit of it
