I'm Vinicius Sueiro minimalist designer & creative coder

hi@vsueiro.com +55 (11) 997 351 686 Rua Turiassu, São Paulo, Brazil vsueiro.com linkedin.com/in/vsueiro

Central de Apresentações **Graphic Designer**

I've had the

opportunity of

creating Prezi

Freelance Designer

I have developed printed & digital pieces for a variety of clients. from local businesses to multinationals like Arvato Bertelsmann

Estadão Designer & Developer

presentations for Warner Bros., Veja, Together with a great team, my role Eletrobras, Epson and Cultura Inglesa was to design and code digital I've also conducted presentation design infographics workshops at two and interactive data visualizations for the major companies. Ecovias & Via Varejo newspaper's website

2015

Estadão Information Design Lead

As a leader, I've helped a team of talented people in projects that combined data, design and web development. Our goal was to turn complex datasets into compelling stories

2017

2016

Questtonó Senior Experience Designer

My goal was to learn more about design strategy and user research. I was able to help companies like Ambey and a new fintech by developing early UX/UI prototypes and conducting face-to-face user interviews

2018

Datastory Interaction Designer

I'm currently helping a Swedish non-profit launch its global civic education platform. We focus on turning important issues into beautiful data-driven narratives and powerful tools, free for everyone

Bachelor's degree

LISP

Management

Incomplete

It was actually studying science that I discovered my love for design, so I made

Bachelors' degree Complete

LISP

A generalist course that covers visual, service and product design. This is where I've learned that solving human needs is what design is all about

Certified **Online Courses**

2019

IDFO U

Human-Centered Service Design

Harvard **Business School** Essentials

Columbia University Technologies for Data Science: The

Internet of Things

Master's degree UPCOMING

2020

Malmö University, Sweden 🚟 Interaction Design

A learning experience that is grounded in Scandinavian design, while embracing transformations within the vibrant field of interaction design, from digital to analogue, organic to inorganic, electronic to imaginary

Skills

Even though I learn new things everyday, I feel comfortable dealing with

JavaScript, HTML & CSS. I've also been playing with Python for data analysis

On the design side, Figma is my go-to app and **Illustrator** comes second. Today, I'm eager to dive into electronics so that I can design & build connected objects

Beyond any technical expertise, I believe it's our duty as designers to make people's lives easier

Languages

I speak **Portuguese** natively and my **English** is fluent. Also, my family is Spanish so I understand & speak a little bit of it

Awards
