Central de Apresentações
Graphic Designer

I've had the opportunity of creating Prezi presentations for Warner Bros., Veja, Eletrobras, Epson and Cultura Inglesa. I've also conducted presentation design workshops at two major companies, Ecovias & Via Varejo

Freelance Designer

I have developed printed & digital pieces for a variety of clients, from local businesses to multinationals like Arvato Bertelsmann

Estadão
Designer & Developer

Together with a great team, I designed and coded digital infographics and interactive data visualization pages for the newspaper's website

Estadão
Information Design Coordinator

I currently lead a team of talented people in projects that combine data, design and web development. Our goal is to turn complex datasets into compelling stories for our users, on every device

USP
Environmental Management

It was actually studying science that I discovered my love for design, so I made a career change

USP
Design

A generalist course that covers visual, service and product design. This is where I've learned that solving human needs is what good design is all about

Certified Online Courses

Skills

Even though I learn new things everyday, I feel comfortable dealing with **HTML**, **CSS**, **JS** and **PHP**. Recently I've also been playing with Git, Node, Bash and **Python**

On the design side, **Figma** is my go-to app for most of the work and **Illustrator** comes second, followed by **Photoshop**. But I can get along with any tool

Beyond any technical expertise, I believe it's our duty as designers to make people's lives easier

Languages

I speak **Portuguese** natively and my **English** is fluent. Also, my family is **Spanish** so I understand & speak a little bit of it
